This map depicts areas of overlap between ten MPA arrays, including six draft options for MPA arrays developed by NCCRSG cross-interest work groups and four draft MPA proposals developed outside of the NCCRSG work groups. This map divides the north central coast into a 1x1 kilometer grid displays a darker cell where multiple MPA arrays include some portion of the cell. No differentiation is made between different MPA designations.

Areas of Overlap Between NCCRSG Draft Options for MPA Arrays and Draft External Proposals
