

California Marine Life Protection Act Initiative North Central Coast Project

**Side-by-Side Comparison (maps and proposed regulations) of the
North Central Coast Marine Protected Area (MPA) Proposals 0 (existing
MPAs), 1-3, 2-XA, 4 and Integrated Preferred Alternative**

Subregion 2: Horseshoe Point to Bodega Head

MLPA North Central Coast Study Region: Subregion 2

Horseshoe Point to Bodega Head

Proposals 1-3, 2-XA, and 4

- North Central Coast Study Region
- Public Lands
- Predicted Hard Substrate
- Proposed Special Closure
- Proposed SMCA
- Proposed SMP
- Proposed SMR
- Proposed SMRMA

Proposals 1-3, 2-XA and 4 were finalized on March 19, 2008 by work teams within the MLPA North Central Coast Regional Stakeholder Group (NCCRSR). Allowed uses are summarized for SMCAs and SMPs. Further information on each MPA proposal (including complete allowed uses text) can be found in the associated text documents.

California MLPA North Central Coast Project
Comparison of North Central Coast MPA Proposals and Proposed Regulations: Proposals 1-3, 2-XA and 4
Revised April 30, 2008

Subregion	Proposal 1-3 (3/19/08 version)		Proposal 2-XA (3/19/08 version)		Proposal 4 (3/19/08 version)	
	MPA Name (Level of Protection)	Proposed Regulations	MPA Name (Level of Protection)	Proposed Regulations	MPA Name (Level of Protection)	Proposed Regulations
Horseshoe Point to Bodega Head (Subregion 2)					Salt Point State Marine Park (Moderate-low)	Take of all living marine resources is prohibited EXCEPT only the following species may be taken recreationally: abalone and finfish only.
	Gerstle Cove State Marine Reserve (Very high)	All take of living marine resources is prohibited	Gerstle Cove State Marine Reserve (Very high)	All take of living marine resources is prohibited	Gerstle Cove State Marine Reserve (Very high)	All take of living marine resources is prohibited
	Russian River State Marine Reserve (Very high)	All take of living marine resources is prohibited	Russian River Estuary State Marine Recreational Management Area (Very high)	All take of living marine resources is prohibited except recreational hunting of waterfowl is allowed unless otherwise restricted by hunting regulations (sections 502, 550, 551, and 552).	Russian River Estuary State Marine Reserve (Very high)	All take of living marine resources is prohibited
	Russian River State Marine Conservation Area (Moderate)	All take is prohibited, EXCEPT recreational and commercial take of Dungeness crab by trap and recreational take of surf smelt by hand beach nets/dip nets.	Russian River State Marine Conservation Area (Low)	Take of all marine resources is prohibited except: 1). Only the following species may be taken recreationally: All species of invertebrates and finfish except Chinook salmon. 2). Only the following species may be taken commercially: All species of invertebrates and finfish except Chinook salmon.	Russian River State Marine Conservation Area (Moderate)	Take of all living marine resources is prohibited EXCEPT commercial and recreational Dungeness crab and recreational surf smelt by hand beach nets/ dip nets from shore only.
	Bodega Head State Marine Reserve (Very high)	All take of living marine resources is prohibited	Bodega Head State Marine Reserve (Very high)	All take of living marine resources is prohibited	Bodega Head State Marine Reserve (Very high)	All take of living marine resources is prohibited
	Bodega Head State Marine Conservation Area (Moderate-high)	All take is prohibited, EXCEPT recreational and commercial take of pelagic finfish by hook and line (salmon by troll only), and Dungeness crab by trap.	Bodega Head State Marine Conservation Area (Moderate-high)	All take of living marine resources is prohibited except: 1). Only the following species may be taken commercially: pelagic finfish (including salmonids) by troll or pelagic seine, Dungeness crab by traps, market squid by pelagic seine, in accordance with state regulations. 2). Only the following species may be taken recreationally: pelagic finfish (including salmonids) by troll or pelagic seine, Dungeness crab by traps, and market squid by pelagic seine, in accordance with state regulations.	Bodega Head State Marine Conservation Area (High)	Take of all living marine resources is prohibited EXCEPT the commercial and recreational take of salmon by trolling only.

MLPA North Central Coast Study Region: Subregion 2

Horseshoe Point to Bodega Head

Proposal 0 and Integrated Preferred Alternative

- North Central Coast Study Region
- Public Lands
- Predicted Hard Substrate
- Proposed Special Closure
- Proposed SMCA
- Proposed SMP
- Proposed SMR
- Proposed SMRMA

Proposal 0 illustrates California's existing state marine protected areas (MPAs) in the Marine Life Protection Act (MLPA) North Central Coast Study Region. The Integrated Preferred Alternative was developed during the April 22-23, 2008 MLPA Blue Ribbon Task Force meeting and draws from three MPA proposals drafted by the MLPA North Central Coast Regional Stakeholder Group. Allowed uses are summarized for SMCAs and SMPs. Further information on each MPA proposal (including complete allowed uses text) can be found in the associated text documents.

California MLPA North Central Coast Project
Comparison of North Central Coast MPA Proposals and Regulations: Proposals 0 and Integrated Preferred Alternative (IPA)
Revised April 29, 2008

Subregion	Proposal 0 (Existing MPAs)		Proposal IPA (4/23/08 version)	
	MPA Name (Level of Protection)	Proposed Regulations	MPA Name (Level of Protection)	Proposed Regulations
Horseshoe Point to Bodega Head (Subregion 2)	Salt Point State Marine Conservation Area (Low)	RECREATIONAL: finfish, red abalone, chitons, clams, cockles, rock scallops, native oysters, crabs, lobsters, ghost shrimp, urchins, mussels, & marine worms, except that no worms may be taken in any mussel bed unless taken incidentally to the take of mussels. COMMERCIAL: finfish, crabs, ghost shrimp, jackknife clams, urchins, algae (except giant & bull kelp) and worms except that no worms may be taken in any mussel bed, nor may any person pick up, remove, detach from the substrate any other organisms, or break up, move or destroy any rocks or other substrate or surfaces to which organisms are attached.	Salt Point State Marine Park (Moderate-low)	Take of all living marine resources is prohibited EXCEPT only the following species may be taken recreationally: abalone and finfish only.
	Gerstle Cove State Marine Conservation Area (Moderate-Low)	No take EXCEPT commercial take of finfish and algae (except giant and bull kelp).	Gerstle Cove State Marine Reserve (Very high)	All take of living marine resources is prohibited
	Fort Ross State Marine Conservation Area (Low)	No recreational take of living or non-living marine resources is allowed EXCEPT: finfish, red abalone, chitons, clams, cockles, rock scallops, native oysters, crabs, lobsters, ghost shrimp, sea urchins, mussels, and marine worms. Commercial take of species other than giant kelp and bull kelp is allowed.		
			Russian River State Marine Reserve (Very high)	All take of living marine resources is prohibited
			Russian River State Marine Conservation Area (Moderate)	All take is prohibited, EXCEPT recreational and commercial take of Dungeness crab by trap and recreational take of surf smelt by hand beach nets/dip nets.
	Sonoma Coast State Marine Conservation Area (Low)	No recreational take of living or non-living marine resources is allowed EXCEPT: finfish, red abalone, chitons, clams, cockles, crabs, ghost shrimp, mussels, native oysters, rock scallops, urchins, & marine worms. Commercial take of species other than giant kelp and bull kelp is allowed.		
	Bodega Head State Marine Reserve (Very high)	No take	Bodega Head State Marine Reserve (Very high)	All take of living marine resources is prohibited
			Bodega Head State Marine Conservation Area (Moderate-high)	All take of living marine resources is prohibited except: 1). Only the following species may be taken commercially: pelagic finfish (including salmonids) by troll or pelagic seine, Dungeness crab by traps, market squid by pelagic seine, in accordance with state regulations. 2). Only the following species may be taken recreationally: pelagic finfish (including salmonids) by troll or pelagic seine, Dungeness crab by traps, and market squid by pelagic seine, in accordance with state regulations.
