Dear Sirs and Madams:

I am writing to nominate myself, Kevin Mc Grath, to the North Coast Regional Stakeholder Group.

Our very remote section of coast needs a local seat as the MLPA process moves forward here on the North Coast. I have been very active in this endeavor and can bring first hand knowledge to the table. I am also a member of the Humboldt Area Salt Water Anglers and stay active on their message boards. I have first hand knowledge of our coast at Shelter Cove having fished there for many years. I also have wide based community support as evidenced by the list of signatures you received from the residents of Shelter Cove. I also periodically fish out of Eureka and Trinidad.

I am a very open minded individual and able to take all things into consideration before making decisions. To help this process move forward I have organized a group called the Shelter Cove Fisherman's Alliance.

My record of public service includes being a Big Brother with Big Brothers and Sisters. I was matched with a young man in 1999 who has gone on to be a productive member of our community. I have been a volunteer with Heart of the Redwoods Community Hospice for many years and have always followed through on my commitments. Thank you for your time and consideration on the very important matter. I would very much appreciate your consideration of my nomination to the NCRSG  
Sincerely
