Subject: Re: [MLPA Initiative] Nominations to the south coast stakeholder group

CMLPA Stakeholders Group Request for Nomination  
From: Jim Dahl ,City Council Member City Of San Clemente California

Contact Information City # 949-361-8322 Hm.# 949-689-3046

I have been resident of San Clemente for 44 years and a City Council Member for 12 years. Mayor for three one year terms and Mayor Pro-tem for another 3 one year terms. I am also a retired Fire Captain with the Orange County Fire Authority with 37 years of service. I have also been a sailor and fisherman and surfer all of my life and a 20 year member of the Dana Point Yacht Club and a charter member of the Dana Point Harbor Boaters Association.

While in the past I have been active in many regional boards and commissions I have not been directly involved in Marine related issues other than many issues directly related to the city of San Clemente. They include the US Army Corps of Engineers Beach Protection and Beach Protection Plan. San Clemente Pier upgrading plan and working with our Beach Trail Group and Marine Safety Department and The Wheeler North Reef Project in San Clemente being built by Southern California Edison.

As a retiree I am available to attend meetings and fully participate in this effort.

I am very well connected to various local business, community, county and state organizations. This will help me to communicate the needs of these organizations to the Stakeholder group and also keep them informed of the Stakeholders Group's planning process and developing criteria for the CMPLA in the South Coast Region.

I will be able to communicate to all interested parties via E-mail , participation on various local boards and commissions that I am a member of and with my position on the City Council I will be able to advise the citizens of the South Coast cities of the activities of the Stakeholders group.

As an avid Sports Fisherman, Sailor, and Surfer I think that I would be a strong candidate for participation on this Stakeholders Group.

Thank You  
Jim Dahl City Council Member
