

State Parks submits the following nominations for the South Coast Region Stakeholder Group:

Primary

Kevin Fleming, Senior Environmental Scientist  
Natural Resources Division  
California State Parks  
Sacramento, Ca  
(916) 651-6940  
FAX (916) 657-3355  
1416 9th Street, Sacramento,

Kevin is a program manager in State Parks headquarters and is responsible for systemwide science and monitoring programs. He is a biologist and supervises several environmental scientists, including Craig Swolgaard. Kevin has been with State Parks for a little more than one year, having transferred from California Department of Fish and Game's Bay Delta Region where he supervised the Native Fish Investigations Unit responsible for the Delta smelt monitoring program. Kevin is a good communicator and has program management knowledge and skills.

Alternate

Craig Swolgaard, Environmental Scientist  
Natural Resources Division  
California State Parks  
Sacramento, Ca  
(916) 653-6656  
FAX (916) 657-3355  
1416 9th Street, Sacramento,

Craig was State Parks' primary stakeholder representative in the North Central Coast Study Region. He was a high school teacher before coming to State Parks as a biologist several years ago. In addition to possessing a masters in biology, Craig is a recreational SCUBA diver, skilled communicator, and has become very knowledgeable of State Parks underwater parks acquisition history, present management, and program vision and objectives. Craig and Kevin will provide liaison between the Stakeholder Group, the larger MLPA Initiative staff, and State Park field offices.

Thank you for the opportunity to be involved in this important endeavor.

Dave Schaub  
Natural Resource Program Manager  
Natural Resources Division  
California State Parks  
(916) 653-9374  
FAX (916) 657-3355  
1416 9th Street, Sacramento,
