

MLPA Nomination Request to the South Coast Regional Stakeholder Group

Charles "Breck" Girot

San Clemente, CA 92672

I am Southern California born and raised. I have worked on many sport boats, both half day and multi-day, and I am a free diver and surfer. I have seen much of the ocean from above and below and I have always enjoyed fishing. I am very passionate about maintaining the great sport of fishing and will do what is needed to see this achieved. I will be able to bring forth an educated skill set and an open-minded approach. I can offer superior knowledge of local geographical areas in question and deliver well-balanced concerns of local businesses and individuals who regularly use such areas. I am a very dedicated person and fully believe that a person is not finished until the job is 100% complete. A completed job to me also includes communicating all pertinent information to the full range of constituents, including stakeholders unable to attend public meetings.

I do not have any current affiliations, but several years ago, when the public meetings for the MLPA took place, I attended the meetings in Costa Mesa and San Diego. I am looking forward to taking part in future meetings and know that I will be a valuable asset to the stakeholders group. I have a good fundamental knowledge of negotiations and contractual development combined with a good understanding of specific geographical areas in question. I have always committed 100% in any undertaking and this project would receive nothing less

On a daily basis, I speak with fishermen, store owners/operators, fishing tackle manufactures and wholesale companies and Sport Boat owners/operators. I am an excellent communicator and will use any and all means necessary (i.e. e-mail, newsletters, voice mail, etc.) to get the message out there.
