Side-by-Side Comparison of Proposed Regulations in South Coast Marine Protected Area Proposals
File revised December 3, 2009

	Revised South Coast Regional Stakeholder Group Proposal 1		Revised South Coast Regional Stakeholder Group Proposal 2		Revised South Coast Regional Stakeholder Group Proposal 3		MLPA South Coast Integrated Preferred Alternative		Proposal 0	
	MPA Name (Level of Protection)	Proposed Allowed Uses	MPA Name (Level of Protection)	Proposed Allowed Uses	MPA Name (Level of Protection)	Proposed Allowed Uses	MPA Name (Level of Protection)	Proposed Allowed Uses	MPA Name (Level of Protection)	Existing Allowed Uses
Subregion 1 - Government Point to Rincon Point	Point Conception SMR (Very High)	Take of all living marine resources is prohibited.	Point Conception SMR (Very High)	Take of all living marine resources is prohibited.	Point Conception SMR (Very High)	Take of all living marine resources is prohibited.	Point Conception SMR (Very High)	Take of all living marine resources is prohibited.		
	Kashtayit SMP (Low)	The intent of this MPA is to allow recreational take of all finfish, marine invertebrates except for rock scallops and mussels, giant kelp by hand harvest.					Kashtayit SMP (Low)	Take of all living marine resources is prohibited except: the recreational take of finfish, invertebrates except for rock scallops and mussels, and the harvest of giant kelp by hand.	Refugio SMCA (Low)	Prohibits all recreational take except for chiones, clams, cockles, rock scallops, native oysters, crabs, lobsters, ghost shrimp, sea urchins, mussels, worms, and finfish. Prohibits all commercial take except for algae (except giant kelp and bull kelp); crabs, ghost shrimp, jackknife clams, sea urchins, worms, and finfish.
	Mikiw SMCA (Low)	The take of all living marine resources is prohibited except: 1. The recreational take of finfish by spearfishing. 2. The commercial take of giant kelp by mechanical harvest.			Naples SMR (Very High)	Take of all living marine resources is prohibited.	Naples SMCA (Low)	The take of all living marine resources is prohibited except: 1. The recreational take of pelagic finfish by spearfishing; and white seabass by spearfishing. 2. The commercial take of giant kelp by hand harvest; and giant kelp by mechanical harvest.		
	Helo SMR (Very High)	Take of all living marine resources is prohibited.	Campus Point SMR (Very High)	Take of all living marine resources is prohibited.	UCSB SMR (Very High)	Take of all living marine resources is prohibited.	Campus Point SMR (Very High)	Take of all living marine resources is prohibited.		
	Devereux Lagoon SMR (Very High)	Take of all living marine resources is prohibited.								
Goleta Slough SMR (Very High)	Take of all living marine resources is prohibited.	Goleta Slough SMR (Very High)	Take of all living marine resources is prohibited.	Goleta Slough SMR (Very High)	Take of all living marine resources is prohibited.	Goleta Slough SMR (Very High)	Take of all living marine resources is prohibited.	Goleta Slough SMP (Low)	Prohibits all recreational take except for hook and line take of species other than marine aquatic plants. Prohibits all commercial take.

File revised December 3, 2009

	Revised South Coast Regional Stakeholder Group Proposal 1		Revised South Coast Regional Stakeholder Group Proposal 2		Revised South Coast Regional Stakeholder Group Proposal 3		MLPA South Coast Integrated Preferred Alternative		Proposal 0	
	MPA Name (Level of Protection)	Proposed Allowed Uses	MPA Name (Level of Protection)	Proposed Allowed Uses	MPA Name (Level of Protection)	Proposed Allowed Uses	MPA Name (Level of Protection)	Proposed Allowed Uses	MPA Name (Level of Protection)	Existing Allowed Uses
	Carpinteria Salt Marsh SMR (Very High)	Take of all living marine resources is prohibited.			Mishopsno SMCA (High)	The take of all living marine resources is prohibited except the commercial take of coastal pelagic finfish by pelagic round haul nets.				
Subregion 2 - Rincon Point to Point Dume					Mugu Lagoon SMRMA (Very High)	All commercial and recreational take is prohibited except current allowed waterfowl hunting.				
	Sumo SMCA (High)	The take of all living marine resources is prohibited except: 1. The recreational take of pelagic finfish, Pacific bonito, and white seabass (spearfishing). 2. The commercial take of market squid and coastal pelagic finfish (pelagic round haul nets); market squid (dip net); and swordfish (harpoon).	Point Dume SMCA (High)	The take of all living marine resources is prohibited except: 1. The recreational take of pelagic finfish by spearfishing; Pacific bonito by spearfishing; white seabass by spearfishing; coastal pelagic finfish by dip net; jumbo squid by hook and line; and market squid by dip net. 2. The commercial take of Pacific bonito by pelagic round haul nets; coastal pelagic finfish by pelagic round haul nets; coastal pelagic finfish by dip net; jumbo squid by hook and line; market squid by pelagic round haul nets; market squid by dip net; and swordfish by harpoon.	Lachusa SMCA (High)	The take of all living marine resources is prohibited except: 1. The recreational take of pelagic finfish by spearfishing; Pacific bonito by spearfishing; white seabass by spearfishing; coastal pelagic finfish by dip net; and market squid by dip net. 2. The commercial take of swordfish by harpoon.	Point Dume SMCA (High)	The take of all living marine resources is prohibited except: 1. The recreational take of pelagic finfish by spearfishing; Pacific bonito by spearfishing; and white seabass by spearfishing. 2. The commercial take of coastal pelagic finfish by pelagic round haul nets; market squid by pelagic round haul nets; and swordfish by harpoon.	Big Sycamore Canyon SMR (Very High)	Take of all living marine resources is prohibited.
	Lisiqsihi SMR (Very High)	Take of all living marine resources is prohibited.			Point Dume SMR (Very High)	Take of all living marine resources is prohibited.	Point Dume SMR (Very High)	Take of all living marine resources is prohibited.

Subregion 4 - Newport Beach to Agua Hedionda	Umuqpat SMCA (Moderate Low)	The take of all living marine resources is prohibited except: 1. The recreational take of lobster by hoop net; lobster by diving; urchin by diving; finfish by hook and line; and finfish by spearfishing. 2. The commercial take of lobster by trap; urchin by diving; coastal pelagic finfish by pelagic round haul nets; and market squid by pelagic round haul nets. Allow recreational take of all finfish except sheephead.	Laguna North SMCA (Moderate Low)	The take of all living marine resources is prohibited except: 1. The recreational take of lobster by hoop net; lobster by diving; rock crab by hoop net; finfish by hook and line, and finfish by spearfishing. 2. The commercial take of sea cucumber by diving; lobster by trap; urchin by diving; rock crab by trap; finfish by hook and line; nearshore finfish by trap, and incidental take of kellet's whelks.	Newport Coast SMCA (Moderate Low)	Commercial and recreational take of sheephead, rockfish, rays, sharks, marine plants and invertebrates is prohibited, except (a)the recreational take of lobster and urchin is allowed and (b)the commercial take of lobster, including incidental catch taken under the authority of a lobster permit (see note), and urchin is allowed (c)the take of species not mentioned above and allowed under general take regulations is allowed (d)however, when fishing from the Newport Bay East Jetty the take of all species allowed under general take regulations is allowed. NOTE: Current allowed incidental catch includes: FGC 8250.5 (b) Crab (other than Dungeness), Kellet's whelk, and octopus.	Crystal Cove SMCA (Moderate Low)	The take of all living marine resources is prohibited except: 1. The recreational take of lobster by hoop net; lobster by diving; urchin by diving; finfish by hook and line; and finfish by spearfishing. 2. The commercial take of lobster by trap; urchin by diving; coastal pelagic finfish by pelagic round haul nets; and market squid by pelagic round haul nets.	Robert E Badham SMCA (Moderate Low)	Prohibits all recreational take except lobster; rockfish (family Scorpaenidae), greenling, lingcod, cabezon, yellowtail, mackerel, bluefin tuna, kelp bass, spotted sand bass, barred sand bass, sargo, croaker, queenfish, corbina, white seabass, opaleye, halfmoon, surfperch (family Embiotocidae), blacksmith, barracuda, California sheephead, bonito, California halibut, sole, turbot and sanddab. Finfish shall only be taken by hook and line or spear. Prohibits all commercial take except lobster.
									Crystal Cove SMCA (Low)	Prohibits all recreational take except chiones, clams, cockles, rock scallops, native oysters, crabs, lobsters, ghost shrimp, sea urchins, mussels, worms, and finfish. Prohibits all commercial take except algae (except giant kelp and bull kelp); crabs, ghost shrimp, jackknife clams, sea urchins, and worms, and finfish.
									Irvine Coast SMCA (Moderate Low)	Prohibits all recreational take except lobster; rockfish (family Scorpaenidae), greenling, lingcod, cabezon, yellowtail, mackerel, bluefin tuna, kelp bass, spotted sand bass, barred sand bass, sargo, croaker, queenfish, corbina, white seabass, opaleye, halfmoon, surfperch (family Embiotocidae), blacksmith, barracuda, California sheephead, bonito, California halibut, sole, turbot and sanddab. Finfish shall be taken only by hook and line or by spear. Prohibits all commercial take except lobster.
