

California Marine Life Protection Act Initiative
Draft Contents for the Regional Profile of the South Coast Study Region
Draft Revised September 4, 2008

Acronyms and Abbreviations	xiv
Executive Summary	xvi
1.0 Introduction	1
2.0 Description of the MLPA South Coast Study Region.....	3
3.0 Ecological Setting	7
3.1 Marine Habitats and Communities	8
3.1.1 Depth Categories	11
3.1.2 Intertidal Zones	12
3.1.3 Estuaries and Lagoons	16
3.1.4 Seagrass Beds.....	22
3.1.5 Kelp Forests.....	23
3.1.6 Hard Bottom/Rocky Reefs	26
3.1.7 Sandy/Soft Bottoms	27
3.1.8 Underwater Pinnacles.....	28
3.1.9 Submarine Canyons	28
3.1.10 Offshore Rocks and Islands.....	28
3.1.11 Oceanographic Habitats	30
3.2 Important Regional Species.....	31
3.2.1 Species likely to benefit from MPAs.....	31
3.2.2 Depleted and Overfished Species	31
3.2.3 Fished Species of Interest	36
3.2.4 Special Status Species	46
3.3 Areas of Biodiversity Significance.....	54
4.0 Land-Sea Interactions.....	55
4.1 Ecological linkages/associations.....	56
4.2 Coastal Watersheds and Land Use in Study Region.....	57
4.3 Coastal Water Quality	58
4.3.1 Impaired Water Bodies in the South Coast Study Region	63
4.3.2 Beach Closures, Postings, and Rain Advisories.....	89
4.3.3 Sediment Quality and Areas of Impairment	92
4.4 Effects of Land Use on Coastal Waters	92
4.4.1 Impacts of Local Geology on Water Quality.....	93
4.4.2 Point Sources.....	93
4.4.2 Nonpoint Sources	97
4.5 Coastal Energy Projects	100
4.5.1 Liquid Natural Gas Projects	100
4.5.2 Electric Generating Power Plants	102
4.5.3 Other Energy Projects (Wave, Solar, Wind)	103
4.6 Water Quality Projects in the South Coast Study Region.....	103
4.6.1 Water Quality Monitoring Programs.....	104
5.0 Socioeconomic Setting	106
5.1 Coastal Counties.....	106
5.1.1 Santa Barbara.....	107

5.1.2 Ventura County	108
5.1.3 Los Angeles County	109
5.1.4 Orange County	110
5.1.5 San Diego County	111
5.2 Major Coastal Communities	112
5.3 Population Projections	113
5.4 Commercial Fisheries	114
5.4.1 Port Complexes	115
5.4.2 Average Commercial Fisheries Landings and Value by County for the Years 1998-2007 ..	122
5.4.3 Commercial Landings	125
5.5 Kelp and Aquaculture Leases	129
5.5.1 Synopsis of Kelp Bed Lease Status, Kelp Harvest Regulations, and Algae Harvest.....	129
5.5.2 Aquaculture and Leases of State Water Bottoms	132
5.6 Recreational Fisheries	134
5.6.1 Modes of Fishing.....	135
5.6.2 Recreational Fishing Effort.....	140
5.6.3 Distribution of Recreational Fishing Effort.....	142
5.6.4 Recreational Fishery Profiles	143
5.7 Scientific Collecting.....	143
5.8 Coastal Tourism.....	145
5.9 Non-consumptive Uses.....	146
5.9.1 Recreational Beach Use	147
5.9.2 Boating.....	151
5.9.3 Recreational SCUBA Diving	156
5.9.4 Other Recreational Activities.....	157
5.9.5 Boardwalks, Tidepool Visitors, and Wildlife Watching From Shore	158
5.10 Cultural Uses	159
5.11 Structural Alterations of Coastal Environments	159
5.11.1 Beach Nourishment, Grooming, and Dredging	159
5.11.2 Coastal Structures	161
5.11.3 Coastal Lighting	162
5.12 Navigation.....	162
5.12.1 Lighthouses and Navigation Aids.....	162
5.12.2 Vessel Traffic	163
6.0 Academic Institutions, Research, Public Outreach, and Education	166
6.1 Major Marine Research Institutions in the South Coast Study Region	166
6.2 Scientific Research and Collecting	166
6.3 Public Education and Outreach	172
7.0 Jurisdiction and Management.....	182
7.1 Federal, State, Local and Native American Jurisdiction and Programs.....	182
7.1.1 Federal Agencies and Programs	183
7.1.2 State Agencies and Programs	187
7.1.3 Local Government Programs	190
7.1.4 Native American jurisdiction/treaty rights.....	192
7.2 Non-governmental Organizations and Programs.....	193
8.0 Existing MPAs and Coastal Protected Areas.....	194
8.1 Existing Marine Protected Areas in the Study Region	194
8.2 Marine Managed Areas and Other Fishery Closures.....	200
8.2.1 Federally Managed Areas.....	200
8.2.2 Fishery Closures Within and Adjacent to the South Coast Study Region.....	201
8.3 Military and Powerplant Closures	203

8.4 Terrestrial Protected Areas in Coastal Watersheds.....	204
9.0 Summary by Subregion	206
10.0 Conclusion	207
11.0 References Cited	208

Draft Maps

Map Series 2.0 – 1: South Coast Study Region and Existing State Marine Protected Areas

Map Series 3.1 – 1: Intertidal and Nearshore Habitats

Map Series 3.1 – 2: Soft and Hard Bottom Habitats

Map Series 3.1 – 3: Oceanographic Patterns

Map Series 3.2 – 1: Marine Birds and Mammals

Map Series 3.2 – 2: Areas of Fish Biodiversity

Map Series 4.2 – 1: Coastal Watershed Impacts

Map Series 4.3 – 1: Areas of Water and Sediment Quality Concern

Map Series 4.5 – 1: Coastal Energy Projects, Oil Platforms, and Desalination Plants

Map Series 5.4 – 1: Commercial Logbook Data

Map Series 5.6 – 1: Commercial Passenger Fishing Vessel Survey

Map Series 5.6 – 2: California Recreational Fisheries Survey

Map Series 5.6 – 3: Coastal Access and Recreational Use Areas

Map Series 6.1 – 1: Research Education and Monitoring Sites

Map Series 8.2 – 1: Existing Marine and Coastal Managed Areas

Map Series 8.2 – 2: Groundfish Conservation Areas
